Thanks for adding in the cost savings. I moved it to the cost part of the discussion and

Ex. 5 Deliberative Process (DP)

Thank you both, I added a little to Karen's section since these are only talking points. I also tweaked the upfront description as our thoughts have evolved as we've worked on this.

Karen, If you disagree with my addition, please let me know. Thank you both!

Love this workgroup – everyone chips in!

Hi Shari,

I've added some language to the cost section. This is what I hope to cover tomorrow. Thanks for sending!

Thanks!
Karen

Kathy: Here's a draft of the non-significance rational for 404(g). See the section I highlighted for you to see if you have anything to add. Make whatever changes you'd like to.

Karen: Kathy suggested you might be able to fill in the cost section. I don't have the needed info or background to adequately address it.

Let me know if I can help with this in the morning.

Shari
